

## TWICE TOLD PARAGRAPHS

### SEMINOLE

Seminole Sentinel:

### Good Report

J. W. Bachman has just returned from a trip to the west and northwest portions of the county, and reports everything in a flourishing condition. Farmers are busy, and the ranchmen are riding after their stock. He says C. M. Breckon and Tom Ross each have the finest young apple orchards he has seen lately.

### School Closed

A very successful term of the Seminole school closed last Friday evening. On account of the death of one of the graduates, Charlie Shubank, the commencement exercises were not held.

The school children are now enjoying the summer vacation and after a few months of play, mixed with a little work, will be ready for the fall term.

J. F. Kemp, Superintendent of the school, has been elected for another term, and it is expected that the teachers for the other departments will be selected in the near future.

Alice Clara, the youngest child of

Mr and Mrs. J. M. Teague, was painfully burned Tuesday evening, when a kettle of hot water was overturned. The child was brought to town for medical treatment and is improving nicely.

### COLORADO

Colorado Record:

Colorado, Tex., May 24.—The compress at Colorado being the first on the T. & P. line out of Mexico has received some 3,000 bales of cotton from there to be pressed. This is the cotton over which Villa and the owners had such a struggle. It is enroute to Galveston and London.

W. R. Smith is spending a few days here with his friends, looking up the corners in his race for re-election as congressman from the "Jumbo District" of Texas. His family will come as soon as school is out. His long stay in Washington has not changed his friendly disposition nor his interest in the welfare of his constituents.

The Colorado country has been blessed with an abundance of rain this spring. More than three inches have fallen already this month. And while that may not seem like much rain, yet it is more than fell in May in the last 10 years, except 6.01 in 1905 and 5.75 inches in 1908. The long-dated of bottom season is here now, and prospects are fine for a bountiful yield this year.

The high-power line now furnishes the electricity for Rosene, Lorraine and Colorado from Sweetwater. The lights are better than formerly, and the day service for fans and motor power will be ready in a few days.

The Park Association has finished the new fence and grandstand and have already given the lovers of baseball some fine sport.

The new fixtures for the post office have been installed and they would be a credit to a much larger city than Colorado.

### ANDREWS

Lockney Beacon:

The Commissioners Court on Wednesday set the county tax rate for the ensuing year. This is the rate on which tax payments will be collected on the tax rolls now being compiled. The ad valorem tax rate will be 10¢ on the \$100; the road and bridge and rate, 15¢; the court house and court house furniture rate, 20¢, and the usual 25¢ poll tax fund rate was also fixed.

An estimate has been made on the grain acreage in the territory tributary to Lockney, which is placed at 10,000 acres. The crop is made, and a big yield is in sight, if not destroyed by hail. Placing the yield at half a crop, or \$10 an acre, \$50,000 will be put in circulation in Lockney by the 1st of August. Threshing will be under way by July 1st, and the entire crop should be threshed and marketed by Aug. 1.

Mrs. J. H. Crane, of Flomont, a daughter of Mr. and Mrs. R. F. Fry, was taken to Fort Worth last Saturday to undergo an operation. She was accompanied by her husband and Dr. J. L. Guest. She stood the operation nicely and is reported getting along fine.

Floyd County Sunday School Institute of the Methodist church will be held at Floydada June 6-7. A splendid program has been prepared and a large attendance is expected.

Rev. G. W. Shearer of Floydada is president of the institute, and he assures the Beacon that a splendid session of the institute will be had and urges all Sunday schools in the county to have delegates in attendance.

### MEADOW

Brownfield Herald:

Miss Nannie Campbell is still visiting at Bronx, and she reports that she is having a fine time.

G. M. Cosby spent a few days in Lubbock this week. We notice that a nice windmill is going up at his place three miles east of Meadow.

Mr. and Mrs. Joe Boyd of Lubbock, who have been visiting Mr. and Mrs. G. F. Boyd, got waterbound at Meadow, but left for home Monday.

The two Ellington brothers, of Harris, spent Wednesday night with their parents, Mr. and Mrs. G. W. Ellington.

Mr. and Mrs. G. F. Boyd spent the day shopping in Lubbock, Monday.

### BROWNFIELD

Terry County Herald:

Dr. Treadaway came in from Tahoka Tuesday night with his two daughters, Miss Merle, who has been attending the Normal at Canyon, and Miss Lorrie, who has been visiting in Lubbock; also Miss Catherine May, who has been visiting relatives in Lubbock.

Mr. B. Sawyer and his bands got in from the Midland country the last of last week with part of his cattle he had on grass in that country, and will go back in a few days after the balance of them. Those which he brought in were mostly cows.

Mr. Sawyer says that if the rains continue, every section in Terry county will sustain 100 head of cattle.

Messrs. Brownfield, Youngblood and Spencer went to Lubbock this week in the former's car. They were accompanied by Mrs. Edward and daughter, sister and niece of Mr. Brownfield, who are on their way home at Sterling City.

The Marcy bros. have put on two cars now on their mail route, and we now receive our mail at about 10 a. m. Their service has steadily grown better since they had the contract. Notice their new schedule.

We understand that Mr. Moore has received the contract on this mail route for \$2,400. This seems mighty cheap, but we hope he will make good and give us as good service as we have been getting. The Marcy boys are getting around.

## The Leaders In The Field

Of Commerce are the ones who keep abreast of the times—give the right kind of service.

In my lines I lead. Let me prove it to YOU. Fall time to farmers. Every order appreciated. Get the habit of using phones 39-40. It pays every day.

## J. H. MOORE, "The Close Price Store."

outline the drama of aviation.

Oklahoma produced 15 per cent of oil in 1912. Only one nearby country produced more. Her increase in seven years was over 100 per cent. She probably produced one-third of the world's "refining crude" (or high grade oil fit to refine) during the first three months of 1913.

Miss Irwin, representing the Penney Fashion Shop, of Lubbock, was down the first of the week with a line of hats and had them on display at the Merc.

Sales Manager of the Great Western Petroleum Company, Box 357, Tulsa, Oklahoma, who will gladly furnish additional information along this and other lines connected with the wonderful opportunity in Oklahoma oil. (464t.)

Rev. and Mrs. T. C. Eason, of this city, were called to the bedside of their daughter, Mrs. Gertie Stephenson, who was reported as being dangerously ill.
